Packard, David and Lucile, Foundation, and funding of All Kids Count National Program, S1:4
Papanicolaou (Pap) smear
and cancer screening, 137, 199-204, guidelines among primary care physicians, 45
and Latinas, 418-424

Papanicolaou (Pap) smear (*continued*)
and treatment decisions, 427-431
and use of lay health workers in cancer screening, 51

Paraprofessional care, and Alzheimer's disease, S2:63-68

Parental input in developing immunization information system, S1:18-19

Patient advocacy, 104

Patient care, evidence-based, S2:1

Patient satisfaction, 309-316, S2:2

Patient simulation, in teaching smoking-cessation counseling to medical students, 153

PC-Immunize, S1:83, S1:84

Pediatrics
and hospitalization, S2:30-37
and KIDS NET, S1:32, S1:37

Percent of Life Undervaccinated (PLUV), S1:117

Philadelphia Kids Immunization Data Base System
integration of immunization registry and community outreach program in, S1:91-95
managed care organizations in, S1:79-80
potential use of provider education for, S1:97-101

Phonathon, as part of health promotion intervention, S2:51-56

Physical education and training, 317

Physical inactivity as risk factor for chronic disease, S2:47, S2:48-49

Physician advisory group in developing immunization information system, S1:18

Physician satisfaction, 303

Physician-patient relations, 214

Physicians' practice patterns, 89, S1:122, 284, 324, 358

Physicians' role, 214, 324

Pneumonia
and neonatal chlamydial infections, 221
as reason for pediatric hospitalization, S2:32, S2:33, S2:35

Population-based immunization registries, working with managed care organizations to build, S1:77-81

Population-based tracking for immunization registries, S1:10

Poverty, as issue in designing immunization registry, S1:27

Practice-based research, steps in publishing, S2:10-11

Practice guidelines, for primary care physicians, 45, 432

Pregnancy
and chlamydial infections, 221-224
and domestic violence, 366-373
and hospitalized injuries, 374-379
and N.C. Maternal Outreach Worker Program, S2:38-44
outcome, affected by violence, 366-373

Prenatal care, and Medicaid, 292

Prevention
and alcohol use, 464-470
behavior, 324-330
and community-responsive physicians, 104
and coordinated care for children, S1:32
and cost analysis, 18
and future health, 12
and HIV testing, 193
and immunization, 78
and information system, S1:37

and intervention for older African Americans, S2:51-56
and skin cancer, 214-220

Preventive medicine
and health services, 244-250, 345-352, 453-458
and patient satisfaction, 309-316
and physician satisfaction, 303-308

Primary care physicians, response to Pap smear reports, 427-431

Primary health care, 159, 345-351, 432, 464

Prisons, and cigarette smoking among incarcerated adults, 175

Private providers
capacity assessment of, and creation of immunization registries, S1:8-9
challenges to, for immunization registries, S1:66-70
developing links between immunization registries and billing systems, S1:82-85
inclusion of, in CHLD Profile, S1:43-44
linking of, to All Kids Count programs, S1:4, S1:8
potential use of immunization registries for education, S1:97-101
recruitment and participation of, in immunization registries, S1:71-76

Professional practice, 303

Public health
academic-practice linkages in mainstream of, S2:9
changes in role of, S1:120
and government financing, 336-342
importance of community in, S2:5-7
information systems, S1:32-36, S1:37-41
link with research, S2:5-7
nursing, 199-204
practice, S1:37, S1:62, S1:66, S1:71, 98
and STDs, S2:75-84
use of foldback analysis to foster consolidation between academics and, S2:85-92

Public health outreach programs, use of immunization data and automated mapping techniques in targeting, S1:102-107

Public housing, and prevention programs, S2:57-62

Q

Quality-adjusted life-year (QALY), 13

Quality assurance
integrating in the operation of immunization registries, S1:58-61
verification and validation procedures in, S1:62-65, S1:84

Quality of life (QOL), and Alzheimer's disease, S2:63

Quantitative policy analysis, 6

R

Race
and coronary heart disease, 123
and female adolescents, 115

Racial differences in risk of hospitalization, S2:32-35

Randomized controlled trial, and the Working Well Trial, 271

Recall, of cholesterol values, 284

Reliability and validity, of medical data registries, S1:62

Reminder systems, for tuberculin skin test returns, 189

Research
interactive process for establishing priorities, S2:7
linking public health practice and, S2:5-7
on pregnancy outcomes, 366

Restraint use, of seat belts, 109

Rhode Island Children's Access Program (KIDS NET), S1:32-36
access to data in, S1:37-41
benefits to family, S1:34
challenges and sustainability issues, S1:36
considerations for system design and results, S1:34-35
goals, objectives, and program description, S1:33-34
need for, S1:32-33

Richmond (VA) immunization registry, integration of immunization registry and community outreach program, S1:91-94

Risk
behavior, among African-American women, 380-384
among Latinos, 418-424
factors, 131, 392, 418, S2:

S

Sales, of tobacco to adolescents, 167

San Diego All Kids Count program
development of core data elements in data bases in, S1:46-50
and development of immunization information system, S1:17-21
goal of, S1:17
planning process of, S1:8
private providers in, S1:69

Savannah, Chatham County (Georgia) All Kids Count Program, provider recruitment and participation in, S1:73-74, S1:75-76

Schools, and violence prevention, 459-463

Screening
breast and cervical cancer, 137, 143, 199-204, 205-213
and cholesterol values, 284
and new mammography guidelines, 432-438

Seattle, health promotion and disease prevention programs for older public housing residents, S2:57-62

Security issues
in designing immunization registry, S1:30
in New Jersey Comprehensive Immunization Program (NJCIPI), S1:54-55
in North Carolina Immunization Registry, S1:68-69
in Rhode Island Children's Access Program (KIDS NET), S1:37-41

Serodiagnosis, and HIV testing, 193

Sexually transmitted diseases
and adolescent pregnancy, 324-330
care for, impact of health care market changes, S2:75-84
and public health, S2:75-84

Sheps, Cecil G., Center for Health Services Research (UNC-CH), and evaluation of All Kids Count National Program, S1:4, S1:108-114

Skillman Foundation and funding of All Kids Count National Program, S1:4

Skin cancer, and neoplasms, 214-220

Smallpox vaccination, S1:1, S1:122
